Attention: Mr. Jeremy Rank, Plant Manager

February 10, 2021

Subject: Notice of Violation
Permit #: RHC20
Ordinance #: 2020-O-30

Mr. Rank:

Test results from your facility revealed a Fats, Oils and Grease (FOG) test result concentration 335 mg/L on 1/27/21. Permit Number RHC20 indicates an allowable daily maximum FOG concentration of 100 mg/L.

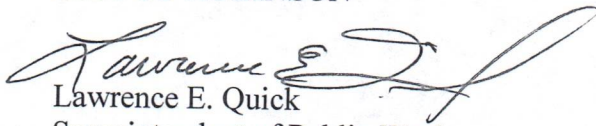

Interim Conditions:

- 4.) Hershey shall retest for FOG within the required 5 days. Results of the test shall be submitted to the City as soon as they become available to Hershey.
- 5.) Hershey shall take appropriate steps necessary to reduce FOG to below the limit set forth in RHC20.
- 6.) Any future discharges from Hershey Chocolate USA, Robinson Plant that show non-compliance shall be subject to fines and further enforcement action.

If you have any questions concerning this notice of violation of the City of Robinson Industrial Pretreatment Program, please feel free to contact me at (618) 562-0040.

Sincerely,

CITY OF ROBINSON
